of Therapeutic Care*

## **27<sup>TH</sup> NOVEMBER 2017**

# **ENRICHING THERAPEUTIC FOSTER CARE: AN INTERNATIONAL PERSPECTIVE**

Colby Pearce is the Principal Clinical Psychologist at Secure Start®. Across more than twenty-five years Colby has contributed to professional and community knowledge and practice in the areas of teen mental health and suicide prevention; childhood attachment and resilience; psychological intervention with children who have experienced abuse, neglect and family/relationship trauma; and therapeutic care.

Colby is currently working on **two major international projects:**

1. The implementation of the Triple-A Model of Care among TUSLA (Child and Family Agency) foster carers in Donegal, Ireland; and
2. The development of a new pre- (and post) approval foster care training package for the Republic of Ireland.

Colby is the author of two books:

*A Short Introduction to Attachment and Attachment Disorder*  
*A Short Introduction to Promoting Resilience in Children*

To register, complete the attached *Registration Form*, or contact Secure Start® on 82789358 or [admin@securestart.com.au](mailto:admin@securestart.com.au)
